Design that achieves even more

The perfect balance

SANTAFE

You can't help it. Every time you walk away you find yourself taking another look. But that's perfectly natural when it comes to the new Santa Fe.

The redesign is good. Very good. The front to back flowing lines make Santa Fe an SUV with distinctively good looks,

a confident stance and real presence.

But the 5 or 7 seat Santa Fe makes more than a style statement – it's completely practical and versatile too. The hard working SUV meets so many demands. For family, for business, for adventure, the new Santa Fe is everything you need it to be.

Pushing technology Innovation for a modern world

SANTAFE 

Less is more. Santa Fe's new diesel engine with lower CO₂ emissions brings you 26% more power compared with the previous Santa Fe. With improved fuel economy across the range, you can count on an SUV that performs superbly and is economical too. There's also the addition of an innovative Eco Drive Indicator, which encourages more fuel-

efficient driving. We've just made a great SUV even better.

It's just more evidence of how true quality matters at Hyundai. Giving you the reassurance to get on with everything else in life.

A high level of protection For a great driving experience

SANTAFE

Get behind the wheel of the new Santa Fe and the high driving position and advanced systems will do more than make you feel good. You'll feel safe and in complete control.

This is an SUV that ticks all the boxes and more. Six airbags, a rollover sensor designed to trigger side airbags and seat belt

pre-tensioners, while active front head restraints cushion your neck against any rear impact. Taking care of the people you care about.

The latest 6 speed manual and automatic gearboxes deliver a smooth, satisfying driving experience.

So now there's even more to love about driving the Santa Fe.

- 1 | Active front head restraints move to support your neck reducing the chances of a whiplash injury in the event of a rear collision
- 2 | ABS with EBD fitted as standard
- 3 | Standard front, front side and full length curtain airbags with rollover sensor

Ingenious thinking Greater everyday flexibility

More ideas. More space. More options. With 5 and 7 seat configurations available across the range, the new Santa Fe gives you a luggage capacity of almost 2,250 litres with the seats folded.

The real ingenuity comes with the rear seating system, allowing you to quickly and easily change the seating configuration. Perfect when it's just you in the front and the golf clubs in the back, or taking six little footballers to an away game. And with rear

parking sensors as standard, even parking your packed Santa Fe is made easier. Add in the impressive towing capacity, and you're all packed and ready for the big family camping trip and there's plenty of room for everyone – and everything.

Passenger Cars

We offer a Five Year, manufacturer backed, unlimited mileage warranty^Δ, which protects against manufacturing defects^{**} on all Hyundai passenger cars not used for hire or reward or commercial use.

Hyundai Car Finance

Many of our customers borrow money from somewhere to enable them to purchase their new Hyundai. At Hyundai Car Finance we believe we have a complete solution with a range of products for all Hyundai customers. We provide Hire Purchase or Personal Loan options. Simply finance any amount over any period between 12 to 60 months. For further details on the finance options available, please contact your dealer.

Sequences

Reduce your monthly payments by deferring part of the cost to the end of the agreement, resulting in an optional final payment and offering you three great choices.

Payment protection

We offer three levels of Payment Protection cover to cater for a whole range of circumstances.

Guaranteed asset protection

Did you know that if your vehicle was written off as a result of an accident, fire or theft, your insurance company would only pay the current market value of the vehicle, and not what you actually paid for it? If you wanted to replace your vehicle you would have to find the difference. Gap Insurance can cover you for any shortfall from your insurance company in a total loss situation.

Competitive Advantage System

For further information and the chance to compare us against other cars you may be considering, use the Competitive Advantage System which can be found at www.hyundai.co.uk.

If you need to find out more about Hyundai itself, or any of our vehicle range, please consult your local Hyundai dealer, or feel free to visit our website. There's very little you won't be able to discover and then it's the simple matter of trying and buying, because once you test drive a Hyundai, we're sure it will surprise and excite in equal measure.
